A. NDS R4i Games-Engines Features and Introduction:

- 1. Go to the <u>www.r4i-sdhc.com</u> to download the latest firmware. Install the firmware to the micro SD card.
- 2. Insert micro SD card to the R4i-SDHC flash-cart, and switch on NDS machine. At the main menu, press the blue "GE" moving ball at left lower corner to start the R4i WIFI Games-Engines features

3. Message below indicate that, successfully login to the game-engines server through WIFI

Please wait! Connecting to WIFI... Connection success! Internal IP Adr:192.168.1.102 Please wait! Connect to server success! Request login to server... Login to server success! 4. Please make sure you have already configure WIFI setting and WIFI network is available, other error message will be display as below.

5. There is a unique user ID of the flash-cart display at the top of the wed address after successful login into the R4i Games-Engines.

6. Using the NDS R4i Games Engines features you can define the search method such as games type or games release date to search the prefer games using the NDS machine. From the search list you can read the info such as games introduction, games languages and etc... Just a simply select the games from the search list, you can add the games to the download list. And the games will be automatic download to your PC through the PC-based Games-Engines software.

B. PC Based Games Engine Installation Guide:

1. You need to install the PC based Games-Engines software. The installer can be downloading from the <u>www.r4i-sdhc.com</u> or <u>www.games-engine.com</u>. The installation file was "setup_games_engine_v1.0"

2. Install the "setup_games_engine_v1.0"

冕 Games Engine Setup	
	Welcome
	Welcome to the installer for Games Engine 2.1.
	It is strongly recommended that you exit all Windows programs before continuing with this installation.
	If you have any other programs running, please click Cancel, close the programs, and run this setup again.
	Otherwise, click Next to continue.
	<back next=""> Cancel</back>

3. After install the Games-Engine, during the first execution of the games-engine software you will encounter a popup message which is requiring the license file.

4. The license file was locate under the micro-SD card "R4iMenu\WIFI" If you are using multiple flash-cart, make sure you select the correct license file which matching to the unique user ID display at the Games-Engine firmware at the NDS machine. This step only was required during the first time execution of the Games-Engine software.

Please select the file in SD card: '/R4iMenu/WIFI' folder
